

WORLD FORUM 2022

3 Zinnen Dolomites ★ Südtirol ★ Italy

03.04. - 08.04.2022

Idea

We are pleased to introduce ISIA members the new ISIA Event that will replace the ISIA World Championships. ISIA has developed a new, global, common and up to date event, specifically designed to meet the needs of snow sport professionals and the diversity of snow sport teaching worldwide.

The ISIA World Forum is the event for the professional snow sport instructors' associations to discuss and experience changes and developments in snow sport teaching. For five days, snow sport professionals from the 37 ISIA member nations and international representatives from the snow sport industry, ski resorts, authorities, snow sport schools as well as snow sport instructors will meet for discussions, workshops and competitions.

The ISIA World Forum will provide an even better understanding of the challenges of future snow sport lessons and show new practical solutions. At the ISIA World Forum, the ski instructors world champions will also be crowned in the team categories "Teaching", "Performance" and "Race".

The ISIA member nations will register their delegations for the ISIA World Forum. The delegations should include representatives from the entire national winter sports network: Association representatives, instructors, ski school directors, ski instructors, representatives from the mountain cable car industry, tourism industry, politics or the winter sports industry. The individual delegations also include the experts who will present a workshop topic as well as the members of the teams who will participate in the show and the parallel team race and compete for the medals.

ISIA World Forum 2022

The ISIA World Forum will show our attractive ideas and concepts, which stands out for the high quality of skiing and teaching and the huge importance of our profession in the whole winter tourism.

The 1st ISIA World Forum 2022 will take place from 03 - 08 April 2022 in the 3 Zinnen Dolomites region. Our base will be in Sesto. The World Forum will be organized together with Snowsport Südtirol, the local tourism officials, the 3 Zinnen Dolomites cable car association and the local Sesto Dolomites ski school.

At the ISIA World Forum, the ISIA also crowns Ski Instructors World Champions in new categories and new competitions:

ISIA Ski Instructors World Champion "TEACHING"
ISIA Ski Instructors World Champion "PERFORMANCE"
ISIA Ski Instructors World Champion "RACING"

The focus of the 1st ISIA World Forum 2022 will be on the snow sport discipline Alpine Skiing, as this is the main focus of our activities. The other snow sports disciplines snowboard, telemark and cross-country can be added to the program if there is sufficient interest from the member associations.

For the ISIA World Forum the special website www.isiaskiworldforum.com will be developed. On this homepage not only the whole content and the program will be available, but also the registration of the participants by the nations will be possible, all details for the organization and administration of all participants will be available and the voting for the different competitions will be possible. Registration of nations and individual participants is expected to be accessible on this website from the beginning of December 2021. To start, each member nation will receive a message by e-mail with their access data. Deadline for registration is 31.01.2022.

On the following pages we present you the World Forum, the program, the contents, the competition rules, the conditions of participation, the costs and the registration procedure in more detail.

Reglement

Workshop

Each ISIA member can submit max. 2 workshop topics.

The workshops must deal with the motto "Teaching Generation Alpha", with which offers and themes young people from the age of 12 can be kept in the ski school in the discipline alpine skiing.

ISIA members submit the workshop topic with a description of the program, objectives and contents in the form of one DIN A4 page (text in English) to the ISIA Office by e-mail until 31.01.2022 at 12:00 pm.

The ISIA Technical Commission will then select the four most interesting workshops from the submitted topics to be presented on snow. The workshops from place 5 to place 12 will be presented in a max. 15 min. presentation at the Member Night (in English).

Nations need four experts per workshop topic to present the workshops a total of four times each over 2 days. The duration per workshop is 90 to max. 120 min. The workshops will be held exclusively in English.

All delegation members participate in each of the four workshop topics.

At the end of all workshops, each participant will vote on their personal ranking via the app "ISIA WF 22". So the participants of the workshop decide about the places 1 to 4. At the end the team with the lowest total addition of all placements wins (in case of equal points the higher number of better placements decides).

The title is:
ISIA Ski Instructors World Championship
"TEACHING" in gold, silver, bronze

Show

Each ISIA member can register max. 2 teams, only ski instructors with ISIA card or ISIA stamp can participate, proof required. The teams consist in principle of 2 women and 2 men and ski alpine.

Different shows can be shown by the teams in the qualification and in the final.

Length, width and slope profile of the course will be determined by the organizer and communicated to the member nations in time.

Music will be played during the show. The choice of music will be determined by the teams themselves and submitted to the organizer.

Each team will have two qualifying runs, the better one will be scored. The starting order in the qualification will be drawn by lot and is the same in the second run.

The best 6 teams from the qualification qualify for the finals.

Starting order in the final is based on the result of the qualification (start no. 1: place 6; start no. 2: place 5; start no. 3: place,).

Each team has one scoring run in the final. The result in the final is decided only by this one scoring in the final (in case of equal points, the team with the better score in the qualification wins).

The judging criteria are creativity, synchronicity and technical execution in equal thirds. A maximum of 10 points can be awarded in the three scoring areas (maximum score is 30 points). The scoring will be done via the app "ISIA WF 22" by all delegation members directly at the slope.

The title is:
ISIA Ski Instructors World Championship
"PERFORMANCE" in gold, silver, bronze

Race

Parallel team competition, RS/SL course with start gate, start gate opens when the previous skier has crossed the finish line, start order is Da - Da - He - He.

Each ISIA member can register max. 2 teams, only ski instructors with ISIA Card or ISIA badge can participate, proof required. The teams basically consist of 2 women and 2 men and ski alpine.

Length, difference in altitude, number of gates, slope profile of the course will be determined by the organizer.

The team pairings in round 1 will be drawn by lot. Teams from the same nation will be placed in the upper half and in the lower half. The assignment to the two tracks (red and blue) will be drawn before each round as well.

The losers of the pairings in the first round will have the chance to go back to the 3rd round in another round.

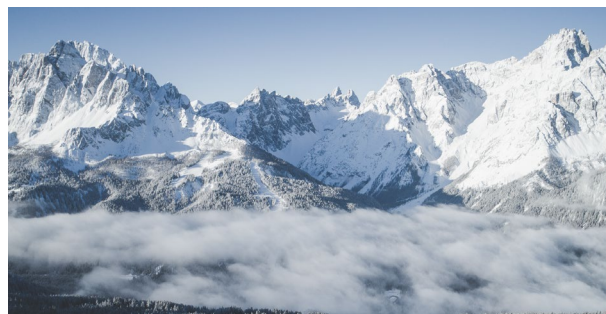

In the semifinals the best 4 teams fight to get into the final. The losers in the semi-final will fight in the "small final" for 3rd and 4th place. In the "big final" the winners of the semi-final will race against each other.

The total time of both teams will be determined in parallel, in order to be able to determine the fastest time in case of close decisions. If the time is absolutely equal, the pairing will be repeated and the courses will be switched. If the time is the same again, the winner will be determined by drawing lots.

Up to a number of 16 registered teams there is the additional possibility to determine the decision in each round in two runs (blue and red). The total of the team's times from both runs will be added together and the team with the faster total time will move on to the next round. In the event of a tie, a deciding run will be held.

The title is:
ISIA Ski Instructors World Championship "RACE"
in gold, silver, bronze

Participation

The national delegations are set up by the ISIA members. All delegation members take part in the workshops. Only ski instructors with ISIA card or ISIA stamp can participate in the competitions Show and Race (proof required, will be checked on site).

The national regulations in Italy or South Tyrol regarding entry and stay in connection with the Covid 19 pandemic must be observed. Snowsport Südtirol will inform all participants in time about the national regulations.

The entry formalities (visa, etc.) to Italy have to be observed.

Start of registrations online via a dedicated portal "ISIA World Forum" on 01.12.2021. Deadline for participation in the ISIA World Forum 2022 is 31.01.2022.

The workshop topic with a description of the program, objectives and contents in the form of one DIN A4 page (text in English) must be submitted to the ISIA Office by e-mail by 31.01.2022 at 12:00 pm.

The cancellation fee in case of withdrawal between 31.01.2022 and 13.03.2022 is EUR 300,- per withdrawn participant. In case of cancellation after 13.03.2022 there will be no refund of the participation fee.

Snowsport Südtirol and the ISIA recommend all participating nations to take out a travel cancellation insurance.

Costs
