

**XNOW**

# Welcome to Deutscher Slikehrerverband

2018 ISIA Congress and Delegates Assembly

# We came from Asturias, Spain

In the northwest of Spain,  
in the heart of the  
Cantabrian mountain range

Hey! We're Here!

**We do not want to bore you with  
useless information at this time.**

**We invite you to meet XNOW in just 2  
minutes.**

**Through a brief presentation video you  
can know our proposal.**

**READY?**

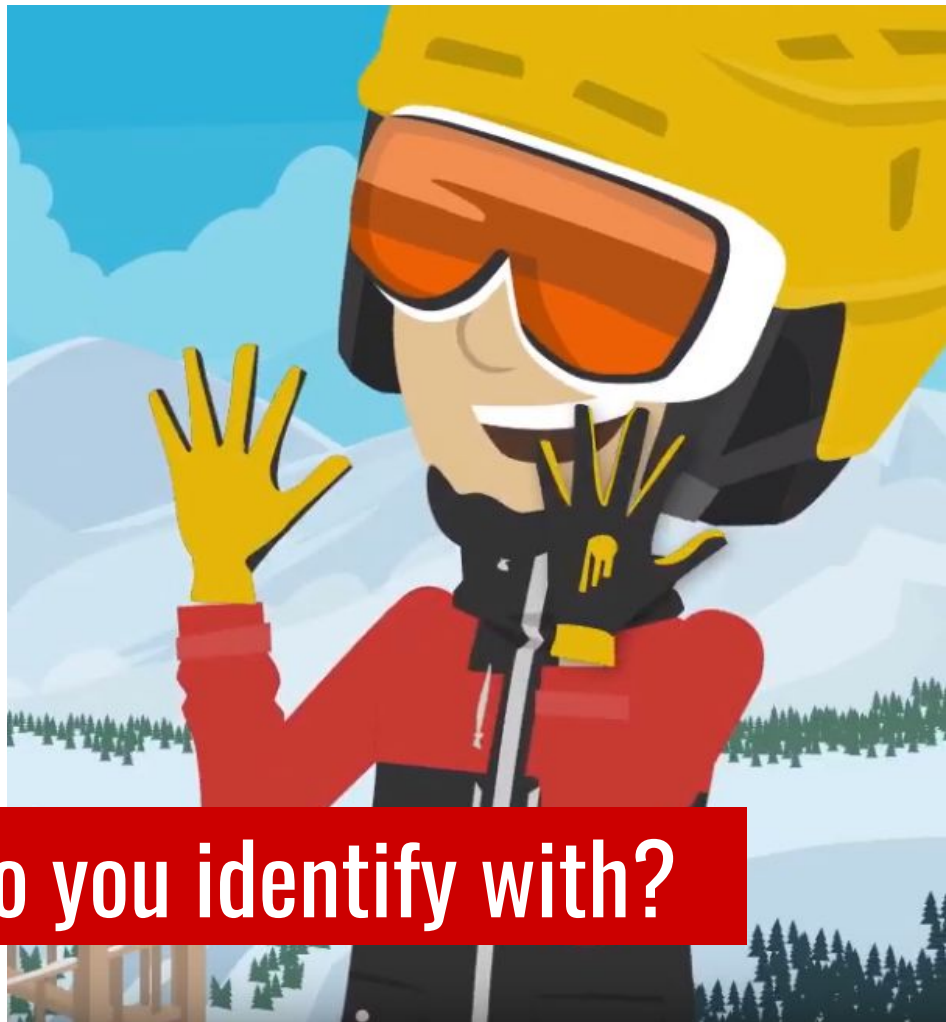

XNOW

The video you have just seen is available in **English, French, German, Spanish and Italian** on our website.

[www.xnow.app](http://www.xnow.app)

In this point, **the question is...**

**Which director do you identify with?**

If you identify yourself with **Peter**, probably the proposal that you are going to know next **interests you.**

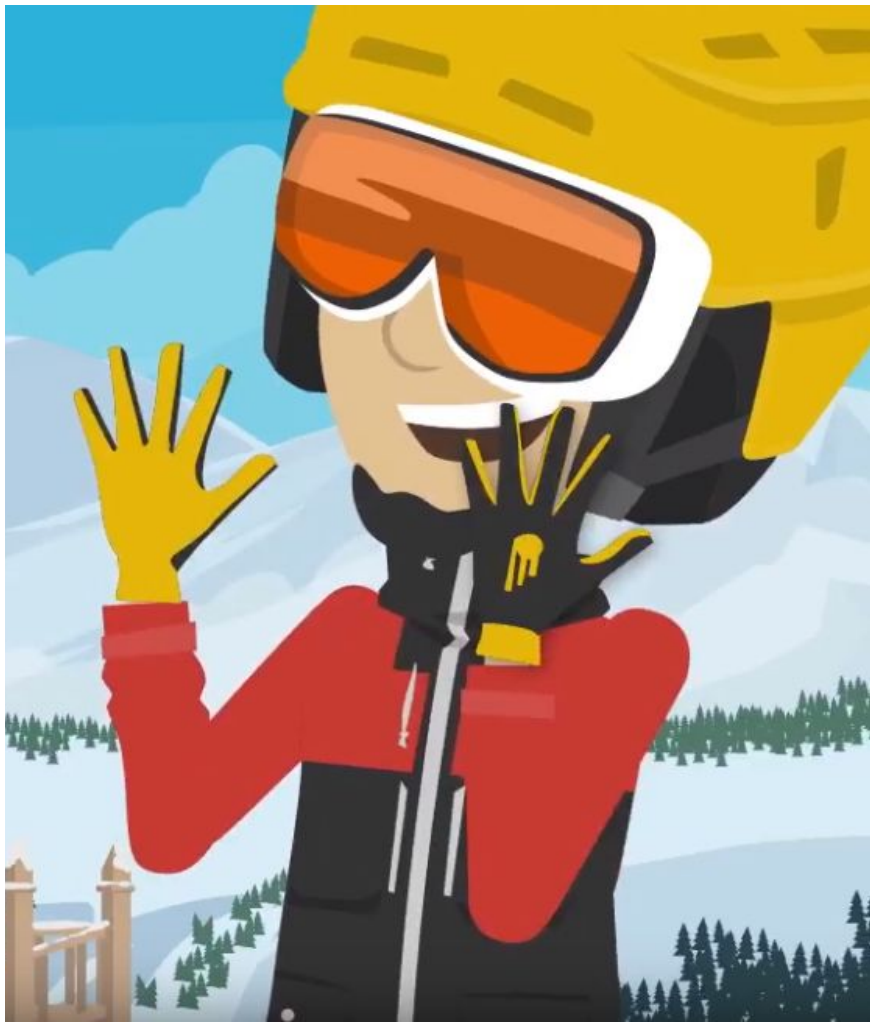

Currently you work many hours in season, you have to be always connected, always aware of everything, solving problems as they arrive...

You do not have time for almost anything and you end the day exhausted.

You need something that allows you to improve

**XNOW** can help you

If you identify with **Herman**, our proposal will probably **also interest you**.

Your professional life will surely be more relaxed and you have management tools that help you. You have under control most of the management of your school, although you can always improve some aspects.

Do you want to improve your management, that your clients are more happy and that the services of your school are better each season?

**XNOW** can help you.

¿What is **XNOW**?

---

In a nutshell.

It is an **integral management platform** for ski schools, which takes full advantage of current technology to improve the lives of **directors, managers, instructors and customers.**

Made by professionals for professionals.

All data centralized and synchronized in real time.

Specific tools for managers, instructors and customers.

Designed to be intuitive, powerful, robust and secure.

**XNOW**
